

DRIVEN BY POSSIBILITY™

GATES INTRALOGIX™ LRB-100

Gates IntraLogix LRB-100 is a **high-performance live roller belt** engineered for Vanderlande automated intralogistics conveyance systems. Designed for longer life and lower total cost of ownership.

GATES PRODUCT INFORMATION

GATES BELT PART NUMBER	CB00443047	IntraLogix LRB-100 (ARP Live Roller Belt)
------------------------	------------	---

FLEXCO'S AERO 325 PRESS SPECS

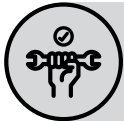

Pressure	2.0 bars
Temperature	352°F (178°C) top and bottom
Temp. (cool down)	158°F (70°C)
Dwell time	4 min.

GATES VALUE PROPS

5X LONGER SERVICE LIFE

More than 5x the lifespan of competitor belts for fewer replacements and reduced downtime.

ELIMINATES V-GUIDE DELAMINATION

Homogeneous belt design eliminates the industry's #1 premature failure mode.

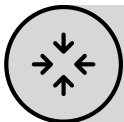

SELF-ALIGNING, NOTCHED V-GUIDE

Notched v-guide locks the belt in place during welding to increase ease of installation, consistency, and repeatable processes.

REDUCED MAINTENANCE THROUGH LOW-ELONGATION DESIGN

~75% reduction in elongation vs competitor belts means less frequent re-tensioning and more predictable uptime.

IN-REGION/FOR-REGION MANUFACTURING

US manufacturing, supported by global production capabilities.
